June 18, 1985

### JAMBOREE SCOUTS & LEADERS:

We are one month away from our departure to Washington, D.C., and Scouting's 75th anniversary party at Ft. A.P. Hill, Virginia.

You are receiving more patches for your uniform with this letter. They go 1" below the American Flag. We will have a chance at the Jamboree to earn other patches, so have mom or grandmom show you how to sew on a patch and bring a needle and thread.

PLEASE NOTE, if you are planning on leaving the Jamboree Contingent at any time previous to our arrival back to the Midland/Odessa Airport you must have a release form completed and turned in. These forms are available at the local Scout Service Center.

If you have not turned in both parts of your medical form, you need to do so before we leave. There will be a lot going on at the Jamboree and it is a bad place to have medical problems arise. If you take any medication such as allergy shots or have any other medical problems, please let me know so as I may be able to help you keep up with your medication.

Lets do all we can to have a great trip. Remember how your legs looked ater shakedown? Bring your suntan lotion or tan those legs properly.

Patrol leaders, if you want to paint a patrol emblem on your chuck box prior to the Jamboree, the materials will be at the Service Center after June 23rd.

See you on the 17th when we head for Scoutings' 75th birthday party, the 1985 Scout Jamboree at Ft. A.P. Hill, Virginia.

In Scouting

Sam Howell, II  
Scoutmaster Troop 788

P.S. Enclosed is a copy of the Jamboree song you should learn throughly and if you wish to compose a troop or patrol song feel free to do so.
